An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

**The application has been amended as follows:**

In claim 1, line 17, after "and" please insert "then".

**The following is an examiner's statement of reasons for allowance:**

Claims 1-17 are allowed because none of the prior art alone or in combination teaches or suggests the particular subset of the process steps in forming a hole in the second insulating layer over the upper electrode, and then supplying an activated oxygen to the capacitor via the hole in a state that the semiconductor substrate is heated.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
